Biology. Kids. Hands-on. Fun.

Bionerds
Biology Workshops for Kids

Bionerds offers fun, hands-on biology workshops for kids in many cities throughout Orange County. We have after-school, in-class, home school, camps, party, field trips, and Girl Scouts programs. **We are honored to be voted Orange County's Best Science Camp for multiple years from 2016-2019 by Parenting OC Magazine families. We are also chosen as one of the Coolest After-School Classes in the Country by Red Tricycle website. All of our teachers have degree(s) in biology or other related sciences/experiences.**

Session 2: Halloween Science with Boo-ionerds

Trick or treat! Come and join us on a journey where we learn about some creepy and crawly topics of the Halloween season. From animals like bats and spiders to things like bones and pumpkins, there's a class for everyone to get into the Halloween spirit. Your child will be up close and personal with the live/preserved organisms, perform dissections and cool biology experiments using lab equipment/tools.

Hicks Canyon Elementary
