

# Outdoor Education Program

## An Immersive Program for Wildlife and Ecology Enthusiasts in Grades K-3rd!

We will be continuing our research in citizen science with a new program this Spring! In this course, we will be traveling to different regions across Orange County to learn about the various organisms that occupy our environment. We will be discussing how they are able to adapt to these ecosystems and record data in our citizen science database.

**Days: Selected Sundays**  
**Time: 10:30 am-12:00 pm**  
**Price: \$225 per child.**

A FREE Bionerds T-shirt included.

EXTENDED Registration Deadline: **February 21, 2020**

Space is limited to 20 children! Register fast!

Parents are welcome to explore with us.
