

Biology. Kids. Hands-on. Fun.

# Join Us for a Fun Tour at OC Farm + Food Lab

**Orange County Great Park Farm + Food Lab**

8000 Great Park Blvd, Irvine, CA 92618

Bionerds is hosting a 45-minute guided tour of the Farm + Food Lab to learn from their on-site vermicomposting team. We will see the different soil biomes that have been created on site - hosting beneficial microorganisms that keep our plants thriving! Also, learn about a good diversity of animal and insect life above the ground. A wonderful time is awaited!
