Bioengineering & Marine Animals

11/9 - 2/22 | 13 Classes | No Class: 11/23, 12/28, and 1/4
\$351 class fee + \$ 104 materials per student

Learn how to design and create something to improve life itself, such as prosthetics, medical equipment, genetic modification, bioenergy. Also, learn about many marine animals, from sea star, fish, clam, shrimp, and more. Your child will be exposed to engineering concepts, up close with fresh/preserved organisms, perform many dissections and cool biology experiments/activities.
