Calling all budding gardeners! Join us for an enriching 1-hour adventure where your child will explore different growing techniques, discover the magic of composting, and get a hands-on experience sowing seeds. With over 400 plant species, chickens, and a thriving composting operation, there's so much to learn and explore. Whether your child is a seasoned gardener or just starting out, our activities and engaging lessons will nurture their curiosity and love for nature. Sign up now and watch your child's green thumb flourish! Student are provided a take-home small pot, soil, and seeds.

### WHO IS A BIONERD?

Founded in Orange County, CA, September 2015, Bionerds's mission is to nurture curiosity, share lifetime passion and give opportunities for the younger generation to learn about biology through self-discovery. With the right environment, kids can learn and appreciate how amazing living things are.
